

PREVENTION WORKS.

TOGETHER, WE CAN STOP THE #1 KILLER OF PEOPLE AGES 1-44: UNINTENTIONAL INJURIES.

THE **EXPERIENCE GUIDE**
SAFETY PLACE
BRINGING SAFETY HOME

EMPOWERING THROUGH EDUCATION!

At The Safety Place, our programs are built on evidence-based practices that promote safety, wellness, and prevention across every stage of life.

From car seat checks and helmet fittings to hands-on caregiver workshops, school programs and community events, we deliver engaging education that equips children, families, and adults with the knowledge and tools they need to stay safe and well.

Each initiative is designed to foster lifelong protective habits, reduce preventable injuries, and build a culture of holistic wellness—one community at a time.
